PRINCIPAL'S ADDRESS

Dear Class of 1996

I hope your years at Fairhaven High School have been good years for you. But if you are leaving FHS wishing you had done things differently, you are sharing in one of life's most universal human experiences: that longing to re-live our lives and avoid those past mistakes and missed opportunities. In the words of the American poet John Greenleaf Whittier: For all of sad words of tongue or pen, the saddest are these: 'It might have been!' But you needn't dwell on the past. It is today and tomorrow where your life resides. Resolve to live the next chapter of your life fully with energy, love, humor, and generosity, and you will have few 'It might have been's' in your future.

On behalf of the entire FHS staff I congratulate you and wish you all the very best that life has to offer.

Sincerely,

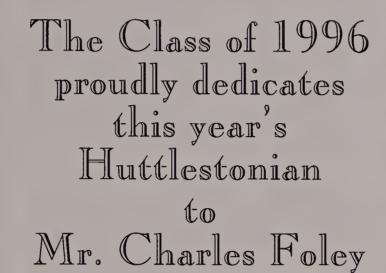

John Newburn, Principal
